A ROTARY CLUB OF BELIZE NEWSLETTER

Interactor's Paint School

Diary Dates

*Interact Sister Cecilia
Home Proj*
March 21st, 2009

The Interact Clubs of Belize SCA and Belize SJC were hard at work this past weekend painting the fence at the Mina Grant & Ethel Vargas PreSchool In Majestic Alley.

Not only did they paint the fence but they cleaned up the yard and planted some

flowering trees and palm trees to help beautify the surroundings.

Special thanks goes out to Francis Woods who got the fence pressure washed for them, Kay Menzies for her support and Sani Gomez for his unending hard work.

Final Raffle Tallies

For the official records, below are the final tallies for the raffle. Much thanks goes to Capital Investments Ltd for their donation, Bravo for their participation and to all whom made the raffle possible and a huge success.

We sold 1400 tickets.
We collected \$135,435.00 Bze. Dollars
We Paid out \$72,996.00 in expenses
We netted- \$64,630.00 Bze. Dollars.

US Donation Received

Our club has received a US\$350 donation from Veronica Andrisano. The money was received via Western Union over last week. The donor has asked that the money be used for the Primary School Feeding Program to continue on successfully. We thank her!

Gift of Life Update

Jaada Perez of Belmopan is due to return to Belize shortly after successful surgery in Boston. Annette Bacchas of Orange Walk Town leaves Belize on the 21st for her surgery at the Mayo Clinic in Minnesota, while Abram Elias of Little Belize and Rosita Rios of the

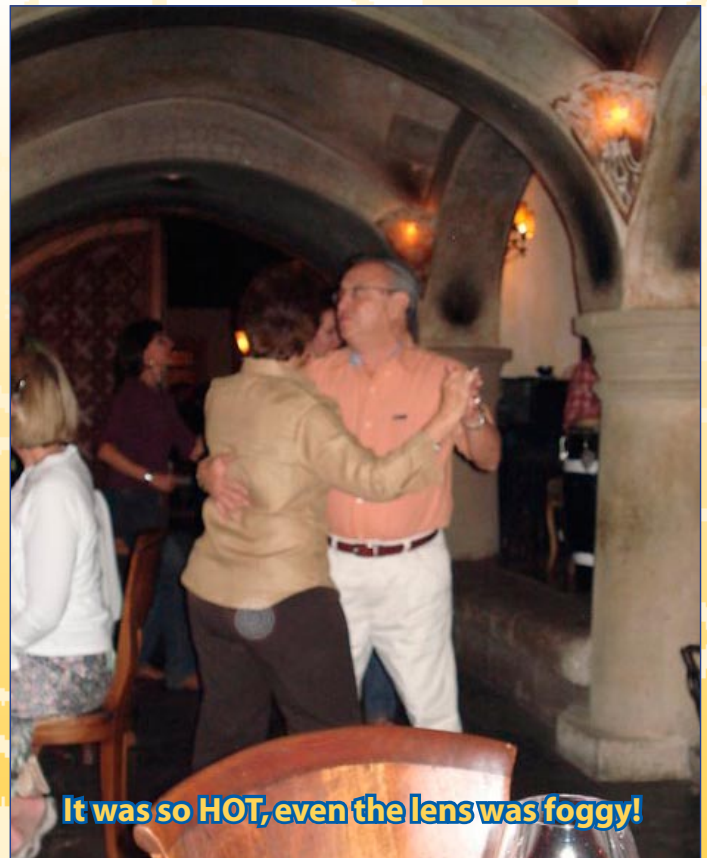

Cayo will travel to Tampa and Richmond, Virginia respectively within the next two to three weeks. The latter is a partnership with International Hospital for Children. William Martinez a teenager of Hopkins Village, Stann Creek District is awaiting a date for his travel to San Jose, California.

Interactors Donate

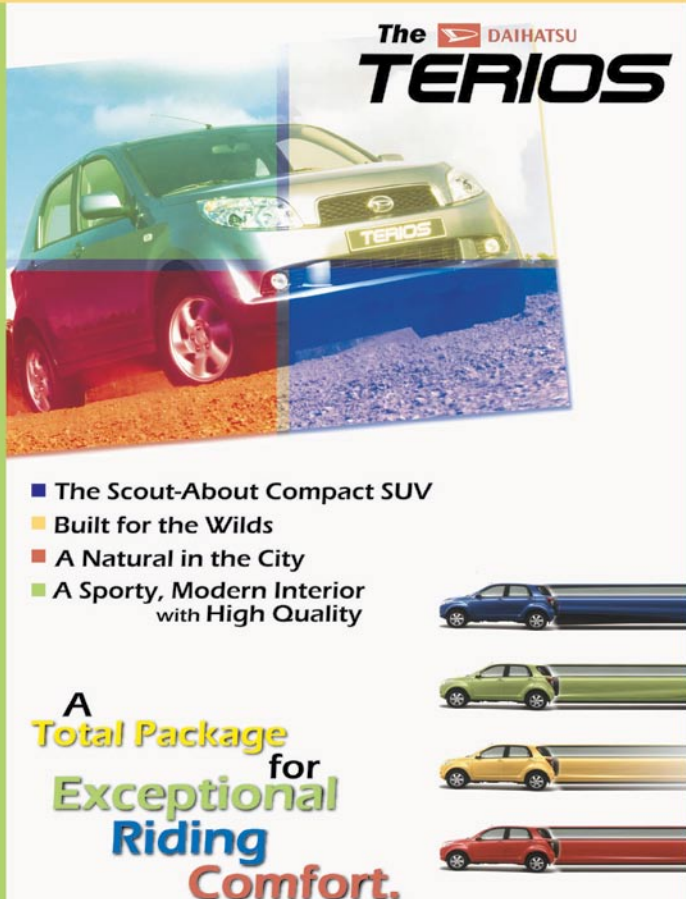

The Interact Club of SCA will be donating some toilet paper dispensers to its own school in the next few weeks. The school is in dire need of it as currently it does not have a budget for such an expense. The Interactors will also donate 2 months worth of supplies for the dis-

pensers. Not only does the Interact Club or SCA work outside in the community with such projects as fence paintings at preschools, but they also want to make a difference in their own school. They want to give back to the school that has supported them. BRAVO!

Never a dull moment

It was so HOT, even the lens was foggy!

Club Announcements

As part of Rotaract Week, the Rotaract Club of Belize, sponsored by us appeared on the KREM morning show last Thursday and LOVE fm on Friday to promote Rotaract and to talk about their good works! They did an outstanding job of representing Rotaract and Rotary in general.

The Interact Club of SJC was formally chartered on Monday morning at the School Assembly. At the the chartering ceremony attended by several Rotarians, they received their pins, certificatem banner and bell. Congrats to them and welcome to the family!

Best Cooperative Project Awards

Every day, Rotary clubs work with local governments, businesses, and other organizations to help people and communities at home and abroad.

In this spirit, the RI External Relations Best Cooperative Projects Award honors clubs that conduct outstanding projects in cooperation with other local, national, or international organizations.

Here are some examples of previous award winners:

The Rotary Club of Chalisgaon Milk City, Maharashtra, India, partnered with a local social service organization to provide nutritional supplements and monthly medical exams to 108 malnourished children in nearby villages. As a result, all the children survived, and 90 completely recovered within one year.

The Rotary Club of Legazpi, Albay, Philippines, collaborated with UNICEF, the Swedish International Development Co-

operation Agency, the European Commission Humanitarian Aid Office, and the United Kingdom's Department for International Development to construct and renovate restroom facilities in 28 public schools. The schools serve as community evacuation centers during natural disasters.

The Rotary Club of Spokane-West, Washington, USA, joined with the local chapter of Second Harvest (now Feeding America), a food bank and redistribution center, and Green Bluff Growers, a cooperative of local orchards, to collect surplus fruit from nearby commercial orchards and homeowners with fruit trees. The fruit was donated to local food banks.

Winners will receive a special certificate and may be included in future Rotary publications or publicity materials.

Clubs must submit applications to their district governor by 15 March, and district governors must send applications to RI headquarters in Evanston, Illinois, USA, by 15 April

You can download the applications on the Rotary International Website.
