<input checked="" type="checkbox"/> Community Development	<input type="checkbox"/> Peace and Conflict Prevention and Resolution	<input type="checkbox"/> Maternal and Child Health

Brief Description of the Project:

Currently, only 10 % of prison programs are designed for the female inmates. The females here are undertrained, and are not properly involved in rehabilitation. It is proposed to develop programs that target the female inmates. These include training in the areas of hospitality training, and in sewing and tailoring. It is believed that equipping these women with a skill will grant them an opportunity to survive on the outside after they are released from prison

Beneficiaries:

Female Inmates of the Belize Central Prison

Local Rotarian Participation: The Rotarians that currently serve on the Kolbe board will be responsible for the implementation of this project,
