Project Name: **Golden Garbage Cans at Schools**

Area:

| | | |
|--|---|--|
| <input type="checkbox"/> Literacy | <input checked="" type="checkbox"/> Disease Prevention and Treatment | <input type="checkbox"/> Water and Sanitation |
| <input type="checkbox"/> Community Development | <input type="checkbox"/> Peace and Conflict Prevention and Resolution | <input type="checkbox"/> Maternal and Child Health |

Brief Description of the Project:

The aim of this project is to provide each high school with a set of 20 drums and appropriate stands, to allow for timely and sanitary disposal of school waste. Currently the quantity and quality of waste cans is inappropriate in the 11 high schools in Belize. St. John's College will be the pilot high school in Belize City

Beneficiaries:

The students in each of the high schools. The cost below is per high schools

Local Rotarian Participation: The Rotarians will purchase the containers and the stands, and the members of the club, with the members of the Interact club of St. John's College will implement this project as a community service

Location : Pilot project at St. John's College, Belize City
